# About the Institute

## Stockmasters Institute of Trading & Investment: A Paradigm of Excellence in Share Market Mastery

In the realm of financial education, Stockmasters Institute emerges as a true paragon of excellence, earning accolades for its dedicated focus on share market trading and investment process. This distinguished institute has become synonymous with shaping smart investors, imparting invaluable skills, and paving the way for a new generation of financial leaders.

## About Founders

Anup Roy & Anand Basu are one of the top coaches in the areas of stock trading and personal transformation. Venturing into there journey at the young age of 21, they experienced the thick and thins of the stock market before achieving success as a trader.

Since 2009 they have learnt various theories, approaches and concepts only to realize that it need not be this complex. They have made it a personal mission to help a common man understand and trade the stock markets with the help of systems so simple that even a 10-year old child can understand them. Their passion and natural leadership skills have helped to propel them into a successful trainer & coach.
